MONTREAL'S BEST-KEPT WINTER SECRET

Hidden at the very top of Mont Royal, nestled in the Mont Royal Park, is a full skating rink measuring 2,500 square meters—Beaver Lake Skating Rink, or Lac des Castors. The rink provides top-notch ice surfacing, a longer skating season, and the priceless advantage of residing in the middle of the beautiful nature of Montreal. Take advantage of the ski rink either by bringing your own gear or renting from the local rink shop. The rink is open for all ages and levels of experience. In addition to the rink, surrounding Beaver Lake are tobogganing trails (see picture), as well as cross-country skiing and snowshoeing rentals. For less crowds, go during weekdays, as weekends are packed with families.

HOW TO MAKE YOUR NEW YEARS RESOLUTIONS STICK

1. Be realistic
2. Examine your motivation for change
3. Allow for imperfection
4. Start sooner rather than later
